Selection Criteria

Research Proposal

Written Test

Interview

Applicants must submit a research proposal along with the online application, clearly mentioning the area of alignment with the focus areas at ADCPS (<https://www.cps.iitb.ac.in/research>).

The proposal should contain: (i) the problem identification, (ii) a brief literature review, (iii) the proposed methodology, and (iv) a list of references (2000 words maximum, excluding references).

Note: The information provided is indicative and for quick reference. Please refer to IIT Bombay's full advertisement for details.
