

# Centre for Policy Studies (CPS) Indian Institute of Technology Bombay Admission to PhD Programme – 2022

## About CPS

Policy Studies is a relatively nascent discipline in India. Given the increasing complexities of the economy, technology and Governance, it is imperative that this discipline takes firm roots in our polity and the society. Academic community has an important role to play in this regard. In order to connect the academicians, the analysts, and policy practitioners with various policy issues, the Centre for Policy Studies at IIT Bombay started its Doctoral programme from Autumn 2017. For Autumn 2021, CPS will take students for its Doctoral programme.
